

7.3 Institutional distinctiveness

The institution has strived to live up to its vision. It has made higher education accessible to students from rural areas by providing UG and PG programmes. In all its endeavours the institution has focused on the upliftment of students from rural background.

The institution has laced teaching learning process with ICT and has equipped students with skills which led to their professional development, provided them employment opportunities. Students have also started their own business units while some students have contributed to the growth of their existing business ventures. The various cells established by the institution also provide opportunities to students to showcase their talents and promotes their all-round growth. Industrial visits are organised to enable students to witness the happenings at the shop floor, which supplements classroom teaching. Sports activities conducted by the institution foster team spirit and brotherhood. Students are encouraged to participate in various inter-collegiate activities. Conservation, nurturing of environment is practiced on campus. Students are made sensitive to environmental issues through cloth bag, paper bag making initiatives. Extension activities undertaken by the institution (blood donation, Daan Utsav) help to alleviate social problems. The institution promotes the practice of breaking stereotypes related to gender among students. The institution boosts the soft skills of the students by conducting a course on personality development. The mentor-mentee relationship helps to create bonding between faculty and students. It also helps to cultivate values, students are encouraged to take up SWAYAM courses. The Counsellor appointed by the institution offers the emotional support to the students. Students have excelled in various spheres of life and hold responsible positions in society. The alumni appreciate the efforts of the institution and extend their support to the institution as and when required.

The faculty believe that teaching also involves learning. The faculty never cease to learn and have pursued research in various fields and have added to the body of knowledge. Faculty members are encouraged to participate and present papers at seminars/conferences and also publish in reputed journals. They attend workshops, training programmes, seminars to keep themselves abreast of the developments in their respective fields. Faculty Development Programmes conducted by the institution help in enriching knowledge of faculty. Faculty members head various committees at the institutional level. They are also part of various bodies at university level and are also invited as resource persons at other institutes. Some of the faculty members are also associated with NGOs which shows their concern for social issues.

The institution has a huge collection of books/journals housed at the library. The computerised system adopted provides quick information about the status of books available. Reading habit among staff and students is promoted by celebration of World Book Day, book exhibitions. Wifi facility exists on campus. Besides the computer laboratory with internet facility provides support for e-learning.

The administrative and support staff render assistance to faculty and students for the smooth conduct of various activities. The institution attempts to pursue activities that benefit all its stakeholders.
