Criterion 7 – Institutional Values and Best Practices

Key Indicator - 7.2 – Best Practices

7.2.1: Best practices successfully implemented by the Institution

Index

Sr. No.	Year	List of Documents/Information	Pdf Page No.
1	2022-2023	Report of Best Practices	2-15
2	2021-2022	Report of Best Practices	16-17
3	2020-2021	Report of Best Practices	18-25
4	2019-2020	Report of Best Practices	26-29
5	2018-2019	Report of Best Practices	30-33

7.2.1: Best Practices

I. Title of the practice: “Groom to Bloom”

Objectives:

- To groom the students with skills that boost their self-confidence and contribute to their holistic development.
- To mould the behaviour of students by promoting awareness, curiosity and creativity.
- To hone the talents of students.

Context: In a knowledge-driven economy, the students have to be moulded to meet the requirements of the job market. Course knowledge is provided in the classroom however it needs to be supplemented with practical knowledge, skills, attributes and values, that will enable them to accept the opportunities and face challenges of life.

Practice: The institution has inculcated soft, life and other skills such as accounting, computing, investing among students. Over the years the institution has conducted certificate courses, workshops, organised seminars and guest lectures for the benefit of students. These initiatives help to enhance knowledge, skills, nurture talent, provide exposure and create awareness among students in various domains such as:

Course domain: promotion of financial literacy, enhancing computing skills, exposure to the realities and culture at the shop floor.

- Investor awareness programmes (Investing in Capital Markets, Intraday Trading and Hedging)
- Bajaj FinServ conducted a Certificate Program in Banking Finance, and Insurance.
- Seminar on IPR
- Short Term Certificate courses (MS Office and Tally. ERP9 with GST, Certificate Course in Digital Marketing, Certificate Course in Python Programming)
- Field trips and study tours.
- Guest lectures by industry experts.

Research domain:

- Seminar on Research Methodology and Basic Statistical Analysis using SPSS
- Focused Group Discussions with Self Help Groups.

Creative skills domain: Skill Enhancement

- Workshop on “Tie & Dye”, Diya Painting
- Tailoring Course

Personality Development domain: Multifaceted Growth and Interactive session such as

- Core life values for a Snowball Effect
- Personality Development - Evolve from within
- Personality Development Programme - getting the edge

Career domain: Career Opportunities

- Gryphon Academy (Hospitality in Aviation) delivered a talk on Career opportunities in Aviation Industry.
- Faculties IBS (ICFAI Business School) Bengaluru, delivered a talk on future Higher education and career opportunities

Art, Culture, Talent domain: Talent/creativity promotion competitions, workshops like

- Poster making
- Solo Singing
- Duet Singing
- Ghumat Aarti Spardha
- Workshop on Dandiya
- Workshop on Basic Dance Moves in Latin and Salsa styles

Soft skills domain: grooming for requirements at work place

- Certificate course on Communication & Presentation Skill Development
- Public Speaking workshop, Course in Spoken English

Value added courses: opportunity for self-employment

- Chocolate Making
- Flower making
- Cloth bag making
- Masks making
- Paper bag making

Evidence of Success:

The Certificate courses, workshops conducted, seminars and guest lectures organized have provided an opportunity to students to enhance their knowledge and skills. Students have secured prizes at inter-collegiate events. They have been equipped with accounting, computing, soft, life and other skills. These skills have enabled them to clear competitive exams, pursue higher studies, secure jobs, assist in their family business.

Problems encountered and resources required:

- During the Covid 19 pandemic it was difficult to organize activities due to the social restrictions imposed by the Government. Convincing students to participate in activities conducted in online mode was difficult due to poor connectivity issues. Offline participation was also difficult due to the fear factor related to the spread of Corona virus.
- Students do not have personal computers thus practicing what is taught (workshops) at home is difficult. Conducting activities within the time frame considering the academic semester schedule is difficult.
- Co-ordinating with resource persons involves a lot of time. (at times schedules have to be reworked due to unavoidable circumstances).

II. Title of the practice: Pay it forward - for people and planet

Objectives:

- To do “Our Bit for People and the Planet”.
- To build the empathy quotient and provide a platform for displaying humane approach
- To inculcate values of compassion, tolerance and respect for all people.

Context: The ultimate goal of education is to contribute to the upliftment of society. In all its endeavours the institution has attempted to meet the expectations of civil society. Service to humanity assumes great significance as there are gamut of social issues that need attention. Collective approach (support of people, NGOs, Govt.) can help to address social issues more effectively.

Practice:

The institution has promoted altruistic behaviour among its staff, students, besides, the students of our sister institutions on the campus and visitors through its people centric initiatives:

- Monetary donation “My ₹10 or more campaign” (National Association for The Blind, Sabrcare Trust, DILASA)
- “Your Blood Their Hope – Donate Blood”
- Platform for Local Entrepreneurs – bailing them out from their financial crisis.

The institution has displayed its concern for the planet by practicing initiatives that support a cleaner and greener environment through its planet centric initiatives:

- Making and distribution of cloth, paper bags
- Cleanliness drives
- Rain Water Harvesting on campus

Evidence of Success:

Enthusiastic participation and support of students, staff is evident from increase in the amount donated to charitable causes each year. Donation of blood by staff and students has helped in saving lives. Support is extended to the local entrepreneurs who visit the institution with eatables and wellness products. Social recognition by way of appreciation letters received by the institution from the police personnel for the cloth masks during the pandemic, paper and cloth bags distributed to the local businessmen respectively. Greater awareness levels among staff and students of ways and means to protect the environment.

Problems encountered:

- Faculty have to co-ordinate with organizations to conduct these activities.
- Cleanliness drives, nature trails have to be planned as per the weather conditions.
- Myths related to blood donation have to be removed thus ensuring greater participation.
- Provision of a platform for more local entrepreneurs is difficult.

Blood Donation Report

Date: 14/03/2023

Location: College Hall

Objective: To conduct a blood donation drive to contribute to the local blood bank and raise awareness about the importance of regular blood donation.

Introduction: Blood donation plays a critical role in saving lives and ensuring the availability of safe and sufficient blood supply for medical treatments and emergencies. This report outlines the activities and outcomes of a recent blood donation drive organized in a community or organization.

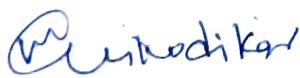

Information about the importance of blood donation and eligibility criteria was shared with potential donors. Trained healthcare professionals from Goa Medical College conducted the blood donation process in a safe and hygienic environment.

Donors were provided with refreshments and a resting area post-donation.

Volunteers played a crucial role in assisting with donor registration, providing information, and ensuring the smooth flow of the event.

Successful collection of a significant number of blood units, contributing to the local blood bank's supply. It Raised awareness about the critical need for regular blood donation and encouraged first-time donors to become repeat donors. It strengthened community spirit and volunteer

7.2 BEST PRACTICES 2021-22

I) Blood donation on campus

- 1. Title of the practice:** Blood donation by students and staff.
- 2. Objective of the practice:** To save human lives by displaying altruistic behaviour.
- 3. The Context:** The demand for blood is constant. Blood is essential to help patients survive surgeries, traumatic injuries, cancer treatment etc.
- 4. The Practice:** The NSS unit encourages students, staff to donate blood and perform a generous act. It collaborates with Goa Medical College (Goa Medical College)/ hospital with regard to the date and the facilities GMC would expect for this activity. Males and females voluntarily donate blood.
- 5. Evidence of success:** Donation of human blood is an experience that provides great satisfaction and a sense of pride that one can make a difference to someone's life
- 6. Problems encountered and resources required:** Need to encourage more students and staff to donate blood voluntarily by removing the fear, myths associated with blood donation. Co-ordinating with hospital involves time
- 7. Notes – N.A.**

II) Platform to local entrepreneurs

- 1. Title of the practice:** Platform for the local entrepreneurs
- 2. Objective of the practice:** To reach out to the local entrepreneurs and help the to survive during the Covid 19 pandemic
- 3. The Context:** During Covid 19 families faced financial crisis. Some individuals used their talent and began to prepare products/eatables to be sold to tie over their economic condition
- 4. The Practice:** The local entrepreneurs approached the institution seeking support to sell their products/eatables in the year 2020-2021. The institution welcomed them. This practice spilled over in the year 2021-22. The continued support to the local entrepreneurs is reflected in terms of customer loyalty.
- 5. Evidence of success:** Staff patronise local products.
- 6. Problems encountered and resources required:** Difficult to accommodate more entrepreneurs and need to work out a time schedule for display and sale of products.
- 7. Notes – N.A.**

REPORT OF BEST PRACTICES-II DURING THE YEAR 2020-21

- PLATFORM FOR THE LOCAL ENTREPRENEURS

After observing the unemployment problem which arose due to the pandemic, the staff decided to reach out to the local entrepreneurs and help them to survive during the Covid 19 pandemic, by purchasing the home-made products made by them, instead of going in for branded ones. Some of the entrepreneurs were in need of an alternative source of income after having lost their main source of earning during this period. The visiting vendors were informed that our institution would provide them a platform and would buy their items at regular intervals. Most of the staff members also place orders with them during festivals, birthday celebrations and functions, instead of buying branded products. This positive practice is helping their business grow.

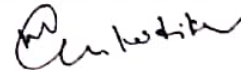

Sr. No.	Name of the local entrepreneur	Products offered
1.	Mrs. Sona Bandodkar- Faculty	Cakes, pastries, confectionery items.
2.	Mrs. Anjali Timbe	Hindu traditional sweets, masalas, parathas.
3.	Mrs. Priti Pai Khandeparkar- ex-student	Hindu traditional sweets, pickles, masalas.
4.	Mrs. Sarita Naik	Puranpoli, "chivda", masalas, supply of local vegetables.
5.	Shri. Abhishek Sawaikar	Homemade masalas, pickle, chutneys.
6.	Shri. Mayuresh Kushte- ex-student	Eco-friendly Dairy (Panchgavya) products like medicinal vedic ghee, dhoop sticks, oils, soaps, handwash, floor cleaners, anti-radiation chip made from cow dung.
7.	Shri. Sourabh Jaiswal - ex-student	Bhel puri, shev puri.
8.	Mrs. Reecha Kubal	Home-made chocolates and sweets during festive seasons.
9.	Mrs. Candida Dias	Snacks
10.	Shri Gaurav Rane - Student	Local veg and non-veg restaurant

7.2 - BEST PRACTICES 2020-21

I. Mask making by NSS volunteers

1. **Title of the practice** – Mask making by NSS volunteers.
2. **Objectives of the Practice** - To provide masks to the local covid warriors in gratitude of their selfless service and to the general public.
3. **The Context** – Provision of masks as part of the Standard Operating Procedure.
4. **The Practice** - To prevent the spread of the life-taking virus the job of making masks was initiated by the institution. Resources were provided by the Alumni and well-wishers. It was a small step towards the safety of our selfless covid warriors. Masks were sold to the general public.
5. **Evidence of Success** - Newspaper clippings, photos, letters of appreciation from beneficiaries, acknowledgement of distribution of masks.
6. **Problems Encountered and Resources Required** - Sufficient number of volunteers were not available. Support of more volunteers is required for making and distribution of masks. Volunteers require to invest more time for this initiative.
7. **Notes (optional)**– not applicable.

II. Platform for the local entrepreneurs

1. **Title of the practice** - Platform for the local entrepreneurs.
2. **Objectives of the Practice** - To reach out to the local entrepreneurs and help them to survive during the Covid 19 pandemic.
3. **The Context**—During Covid 19 families faced economic crisis. Some individuals used their talent and began to prepare eatables to be sold to tide over their economic condition.
4. **The Practice** -The local entrepreneurs contacted the institution seeking support to sell their products. The institution welcomed them by providing space. Staff purchased the homemade eatables. This gave financial boost to these entrepreneurs. At present staff place orders on special occasions and their small business is beginning to grow.
5. **Evidence of Success** - Regular telephonic contacts and visits by the local entrepreneurs and continuing orders for their products.
6. **Problems Encountered and Resources Required** - Students could not avail of these facilities due to restrictions of visiting the institution. Competition was faced by vendors of similar products.
7. **Notes (optional)**— not applicable.

Best Practices

I) E- learning initiative

- 1. Title of the practice:** E –learning initiative of the institute in collaboration with alumni
- 2. Objective of the practice:** To provide hands on training to students that could help in enhancing accounting and practical knowledge
- 3. The Context:** This was an initiative in tune with the UGC sponsored accounting course.
- 4. The Practice:** Each student was provided 20 hours hands on training in excel by Comtech Government recognized institute which offers computer training.
- 5. Evidence of success:** Students benefitted in terms of computer literacy besides the course was offered at concessional rate (subsidized) compared to such courses offered by other training Institutes. The certificates issued, improves employability of the students.
- 6. Problems encountered and resources required:** Students were not having personal computer systems.
Computer systems with updated software's and internet facility are required
- 7. Notes:** Programme will be continued.

II) Rain Water Harvesting

- 1. Title of the practice:** Rain Water Harvesting
- 2. Objective of the practice:** To help maintain the water table on the campus and create awareness amongst students about importance of rain water harvesting.
- 3. The Context:** Goa receives rainfall from June-October. A small reservoir could aid in building the ground water table and prevent waste of water (gushing/flowing water) without getting saved.
- 4. The Practice:** The water is channelized into a pit and this helps to build the water table.
- 5. Evidence of success:** The students understood the importance of conserving water by building of rain water harvesting pit.
- 6. Problems encountered and resources required:** The pit for rainwater harvesting needs constant maintenance.
- 7. Notes:** N.A.

III) Cloth bag making initiative

- 1. Title of the practice:** “Cloth bag making initiative” by NSS unit
- 2. Objective of the practice:** To sensitize the students and the general public about the need to save the environment by reduced use of plastic.
- 3. The Context:** When selling goods/local produce a large number of shop keepers/vendors dispense free plastic bags to the customers for ease of carrying goods. Use of cloth bags could help save environment.
- 4. The Practice:** Fabric from used garments was utilised for stitching cloth bags. The alumni helped in collection of fabric. The washing and sewing machines for this initiative were

donated by well wishers respectively. The fabric was washed. Students were imparted hands-on training in stitching the bags. Students sold bags at concessional rates.

5. Evidence of success: Students imbibed the virtue of environment protection and also created the necessary awareness at home and in their vicinity.

6. Problems encountered and resources required: Students need to invest their time beyond the lecture schedule.

7. Notes: N.A.

IV) Blood donation on campus

1. Title of the practice: Blood donation by students and staff.

2. Objective of the practice: To save human lives by displaying altruistic behaviour.

3. The Context: The demand for blood is constant. Blood is essential to help patients survive surgeries, traumatic injuries, cancer treatment etc.

4. The Practice: The NSS unit encourages students, staff to donate blood and perform a generous act. It collaborates with Goa Medical College (Goa Medical College)/ hospital with regard to the date and the facilities GMC would expect for this activity. Males and females voluntarily donate blood.

5. Evidence of success: Donation of human blood is an experience that provides great satisfaction and a sense of pride that one can make a difference to someone's life

6. Problems encountered and resources required: Need to encourage more students and staff to donate blood voluntarily by removing the fear, myths associated with blood donation.

7. Notes – N.A.

V) Daan Utsav/Joy of Giving Week

1. Title of the practice: Daan Utsav/Joy of Giving Week.

2. Objective of the practice: To contribute (monetary) to a social cause

3. The Context: To be a part of the nation wide celebration associated with giving towards a social cause

4. The Practice: The institution identifies a NGO known for its service to humanity.

Voluntary donation of Rs. 10/- or more through “My Rs. 10/- Campaign” is made by staff, students and visitors visiting the institution between 2nd – 8th October. The funds raised through this initiative are donated to the NGO against receipt.

5. Evidence of success: The students and staff helped to raise Rs.2000 /- towards caring for children with cancer.

6. Problems encountered and resources required: Identifying NGOs and collaborating with them involves time.

7. Notes – N.A.

VI) Know Your Economy (KYE) Test

1. Title of the practice: Know Your Economy (KYE) Test

2. Objective of the practice: To create awareness among the students on issues related to the economy

3. The Context: Issues related to the economy play an important role in Commerce education.

4. The Practice: An annual Economics Awareness Kindling Test for students pursuing B.Com. programme is conducted by Economics Department in collaboration with Chennai based Economics institution Scientific Research Association for Economics and Finance (SRAEF). SRAEF posts the study material by charging Rupees fifty, sponsors certificates, the topper receives cash prize of Rupees 500

5. Evidence of success: Students who appear for this test develop confidence and this helps them to answer entrance exams/competitive exams.

6. Problems encountered and resources required: Greater participation of students needs to be encouraged.

7. Notes – N.A.

VII) Best Student Award

1. Title of the practice: Recognition of merit (Best Student Award by college)

2. Objective of the practice: Motivation/appreciation helps to boost the morale of students.

3. The Context: Academic excellence to a large extent plays a major role on an academic journey. It helps to shape ones career and helps in capacity building.

4. The Practice: The performance of the student during the three year programme in various spheres is considered. The parameters are made known to the students at the entry level of the course. The final year students present their credentials and the scrutiny of documents is done by the committee appointed.

5. Evidence of success: Every year the final year students look forward to this announcement and it motivates the first and second year students to tread on similar paths.

6. Problems encountered and resources required: Time consuming (scrutiny of documents)

7. Notes – N.A.

VIII) Awards by Faculty

Title of the practice: Faculty awards/scholarships.

2. Objective of the practice: To recognize and honour the students for outstanding performance in academics and extra -curricular activities

3. The Context: Felicitation of meritorious students.

4. The Practice: The faculty members have instituted awards/scholarships for students (male and female) securing highest marks in various courses. These awards are presented at the Annual Social Gathering.

5. Evidence of success: Prize winners/ students attend the programme along with their parents. The students receive the awards at the hands of the Chief Guest. This event makes the parents proud of their wards and the students experience a sense of achievement.

6. Problems encountered and resources required: Need to maintain up to date records and follow up in terms marks obtained by the students post the revaluation of answer books conducted by the institution/Goa University.

7. Notes: N.A.

7.2 Best Practices

I) E- learning initiative

- 1. Title of the practice:** E –learning initiative of the institute in collaboration with alumni
- 2. Objective of the practice:** To provide hands on training to students that could help in enhancing accounting and practical knowledge
- 3. The Context:** This was an initiative in tune with the UGC sponsored accounting course.
- 4. The Practice:** Each student was provided 20 hours hands on training in excel by Comtech Government recognized institute which offers computer training.
- 5. Evidence of success:** Students benefitted in terms of computer literacy besides the course was offered at concessional rate (subsidized) compared to such courses offered by other training Institutes. The certificates issued, improves employability of the students.
- 6. Problems encountered and resources required:** Students were not having personal computer systems.
Computer systems with updated software's and internet facility are required
- 7. Notes:** Programme will be continued.

II) Rain Water Harvesting

- 1. Title of the practice:** Rain Water Harvesting
- 2. Objective of the practice:** To help maintain the water table on the campus and create awareness amongst students about importance of rain water harvesting.
- 3. The Context:** Goa receives rainfall from June-October. A small reservoir could aid in building the ground water table and prevent waste of water (gushing/flowing water) without getting saved.
- 4. The Practice:** The water is channelized into a pit and this helps to build the water table.
- 5. Evidence of success:** The students understood the importance of conserving water by building of rain water harvesting pit.
- 6. Problems encountered and resources required:** The pit for rainwater harvesting needs to maintained on professional lines.
- 7. Notes:** N.A.

III) Cloth bag making initiative

- 1. Title of the practice:** “Cloth bag making initiative” by NSS unit
- 2. Objective of the practice:** To sensitize the students and the general public about the need to save the environment by reduced use of plastic.
- 3. The Context:** When selling goods/local produce a large number of shop keepers/vendors dispense free plastic bags to the customers for ease of carrying goods. Use of cloth bags could help save environment.
- 4. The Practice:** Fabric from used garments was utilised for stitching cloth bags. The alumni helped in collection of fabric. The washing and sewing machines for this initiative were donated by well wishers respectively. The fabric was washed. Students were imparted hands-on training in stitching the bags. Students sold bags at concessional rates.
- 5. Evidence of success:** Students imbibed the virtue of environment protection and also created the necessary awareness at home and in their vicinity.
- 6. Problems encountered and resources required:** Students need to invest their time beyond the lecture schedule.
- 7. Notes:** N.A.

IV) Blood donation on campus

- 1. Title of the practice:** Blood donation by students and staff.
- 2. Objective of the practice:** To save human lives by displaying altruistic behaviour.
- 3. The Context:** The demand for blood is constant. Blood is essential to help patients survive surgeries, traumatic injuries, cancer treatment etc.
- 4. The Practice:** The NSS unit encourages students, staff to donate blood and perform a generous act. It collaborates with Goa Medical College (Goa Medical College)/ hospital with regard to the date and the facilities GMC would expect for this activity. Males and females voluntarily donate blood.
- 5. Evidence of success:** Donation of human blood is an experience that provides great satisfaction and a sense of pride that one can make a difference to someone’s life
- 6. Problems encountered and resources required:** Need to encourage more students and staff to donate blood voluntarily by removing the fear, myths associated with blood donation.
- 7. Notes :** Plan to continue this practice in the future.

V) Daan Utsav/Joy of Giving Week

- 1. Title of the practice:** Daan Utsav/Joy of Giving Week.
- 2. Objective of the practice:** To contribute (monetary) to a social cause
- 3. The Context:** To be a part of the nation wide celebration associated with giving towards a social cause
- 4. The Practice:** The institution identifies a NGO known for its service to humanity.

Voluntary donation of Rs. 10/- or more through “My Rs. 10/- Campaign” is made by staff, students and visitors, visiting the institution between 2nd - 8th October. The funds raised through this initiative are donated to the NGO against receipt.

5. Evidence of success: The students and staff helped to raise Rs.17000 /- towards caring for the blind.

6. Problems encountered and resources required: Identifying NGOs and collaborating with them involves time.

7. Notes: Plan to continue this initiative in the future.

VI) Know Your Economy (KYE) Test

1. Title of the practice: Know Your Economy (KYE) Test

2. Objective of the practice: To create awareness among the students issues related to the economy

3. The Context: Issues related to the economy play an important role in Commerce education.

4. The Practice: An annual Economics Awareness Kindling Test for students pursuing B.Com. programme is conducted by Economics Department in collaboration with Chennai based Economics institution Scientific Research Association for Economics and Finance (SRAEF). SRAEF posts the study material by charging Rupees fifty, sponsors certificates, the topper receives cash prize of Rupees 500

5. Evidence of success: Students who appear for this test develop confidence and this helps them to answer entrance exams/competitive exams.

6. Problems encountered and resources required: Greater participation of students
